# Google Tools

Google ... Google Apps For Education

Drive Slides Docs Sheets Forms Drawings Hangouts

Free Google Training: <https://goo.gl/hgT2fP>

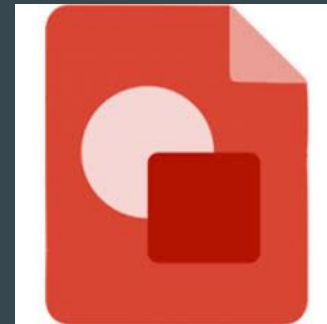

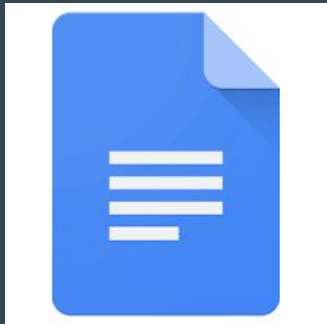

# Google Drive

- sharing and collaborating any type of documents with anyone
- storing files for later use
- editing and developing documents
- cloud-based tool

# Google Docs, Sheets, Drawings

- very similar to Microsoft applications
- annotation tools

# Google Slides

- very similar to Powerpoint slides
- built for collaboration with other teachers on other campuses
- simple user interface for simple presentations
- offline access for editing and presenting
- access presentation from any device
- easy web publishing and sharing

# Google Forms

- very similar to Microsoft Excel
- developed form autopopulates in an “Sheets” spreadsheet
- check out add-ons

# Google Hangouts & Google Add-ons

- chat feature - live, just like Skype
- video & audio
- apps allow you to enhance productivity
